Experience

2019

First 2D Animation

I learned 2d animation on youtube and created some animation using Harmony software. I played with different Properties of 2d animation like onion skin,Bone riging and so on. Being a Anime watcher I used to love Making short few second 24 frame per sec animations.

2021

First Game 3D

Being a kinesthetic learner I learned c# and Unity 3D and created a fully functioning 3d FPP Pc Game, all within a week.
I did this project to make a youtube video which didn't perform well but I learned a lot.

I Upload some short games on Apptoide but they didn't perform good.

2021

First Android App

I took Kotlin Bootcamp from android.com and made a few simple apps with android studio. I also created my Google Developer Account.

2022

Clothing Brand

I had a bet with my friend that I could create a complete clothing brand within just a week, so I made a few designs and contacted a manufacturer in India and imported some of my own designed cloth. I created a TikTok page and created a few videos with various kinds of designs on mockups and stock images. so I sold 3 piece of hoodie and earned Rs2000 profit all in just 1 week.
